A hand-drawn wireframe of a device type selection modal. The modal is a rectangular box containing the following elements:

- Device Type:** A label followed by three radio button options:
 - ☐ 360° Camera
 - ☐ Camera
 - ☐ Microphone
- Name:** A text input field.
- Code:** A text input field.
- Buttons:** Two buttons at the bottom, "cancel" and "save", each with a small icon (a left arrow and a right arrow respectively).

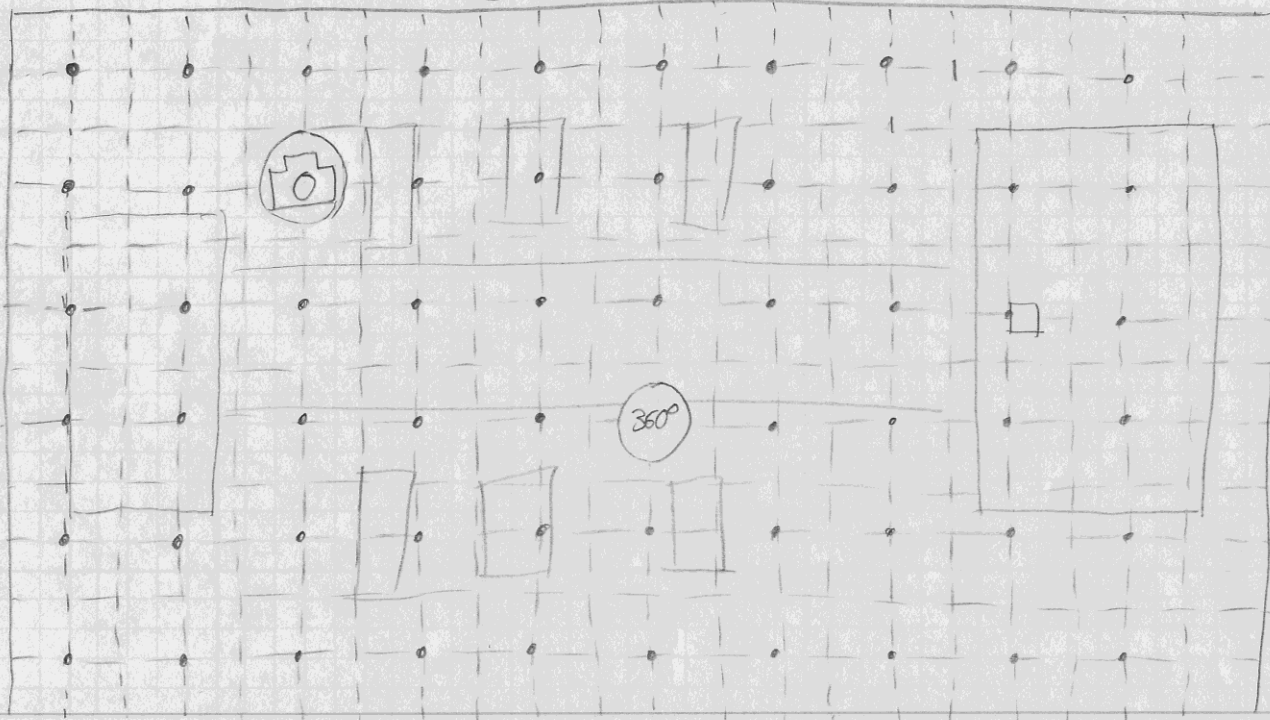

To the right of the modal, there is a cloud-shaped callout containing the text: "Add device button clicked modal".
